

Riverside Express May 2019

The Wellbeing Support Officer training is charging ahead with Sunnybank Sub Branch leading with the venue, catering and all those accouchements required for training these days. A Full house by the look of things, so if you have volunteers wishing to attend these WSO training days, then the next one is at the end of July. If your Sub Branch is keen to hold a training session, then contact Steve Monteath vp3@rslsouthqueensland.org or Robyn Engel admin@rslsouthqueensland.org to discuss what you believe is needed to fulfil the volunteers and Veterans' needs.

May 11, Victory in Europe, VE Day anniversary, the only Australian remembrance service commemorating the end of war in Europe was held at SED New Farm and attended by the Governor of Queensland Paul De Jersey AM and his wife, State politicians, Brisbane City representatives and a resplendent gathering of Navy, Army and Air Force Serving members attended to their various duties proudly. Chaplain of the Defence Forces Lt Col Pastor Charles Vesely said the prayers and Lt Col Ruth Weir the guest speaker, spoke on WW2 and our recent and current military activities across the world. A good number of Veterans and family attended with a delightful morning tea supplied for the enjoyment of all.

[chocolate brownies perhaps may entice you to next year's 75th VE Day memorial Service]

If you have Sub Branch news you wish to be heralded across the District, then contact your SED Delegate.
